Purpose

This policy defines requirements for handling, storing, and retaining company information.

Sensitive Information

Sensitive information must only be stored in company-approved systems. Employees must not copy sensitive company information to personal storage services.

Data Sharing

Sensitive information may only be shared with authorized recipients who require the information for legitimate business purposes.

Retention

Business records must be retained according to the applicable record-retention schedule. Employees must not delete records subject to a legal hold.

External Sharing

External sharing of sensitive information requires authorization from the appropriate data owner.

Security Incidents

Suspected unauthorized disclosure of sensitive information must be reported to the Security or Compliance team immediately.
